

traditional **health** worker alliance

by the willamette **health** council

Common Thread Consulting delivered strategic project management and consulting support to the Traditional Health Worker Alliance, established by the Willamette Health Council, fostering impactful collaboration and meaningful outcomes.

Key contributions included:

- Coordinating meetings to ensure alignment among stakeholders and maintain project momentum.
- Creating a comprehensive charter to outline clear objectives, roles, and responsibilities for the initiative.
- Prioritizing tasks and deliverables to focus efforts on achieving critical goals.
- Supporting the grant application process by providing strategic guidance, project data, and documentation to secure funding for ongoing initiatives.
- Developing tools and guidance for THW supervision and compliance with OHA and Medicaid requirements.
- Leading the creation of a THW workforce survey to assess needs and inform strategies for workforce growth and support.

Our structured, collaborative approach has fostered alignment, secured resources, and contributed to the Alliance's mission to enhance community health outcomes
